

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

MODIFIED FUNCTIONAL REPLACEMENT COST LOSS SETTLEMENT

DEFINITIONS

The following definition is added when this endorsement is attached to the policy:

"Functional replacement cost" means the amount which it would cost to repair or replace the damaged building with less costly common construction materials and methods which are functionally equivalent to obsolete, antique or custom construction materials and methods used in the original construction of the building.

SECTION I – CONDITIONS

D. Loss Settlement

Paragraph 2. is replaced by the following:

2. Buildings covered under Coverage A or B:

a. If, at the time of loss, the amount of insurance in this policy on the damaged building is 80% or more of the "functional replacement cost" of the building immediately before the loss and you contract for repair or replacement of the damaged building for the same use, within 180 days of the damage unless we and you otherwise agree, we will pay the lesser of the following amounts:

- (1) The limit of liability under this policy that applies to the building; or
- (2) The necessary amount actually spent to repair or replace the damaged building on a "functional replacement cost" basis. However, if this amount is less than the actual cash value of that part of the damaged building, we will settle the loss on an actual cash value basis.

b. If you do not make claim under 2.a. above, we will pay the least of the following amounts:

- (1) The limit of liability under this policy that applies to the building; or
- (2) The actual cash value of the damaged part of the building.

c. If, at the time of loss, the amount of insurance in this policy on the damaged building is less than 80% of the "functional replacement cost" of the building immediately before the loss, we will pay the greater of the following amounts, but not more than the limit of liability under this policy that applies to the building:

- (1) The actual cash value of that part of the building damaged; or
- (2) That proportion of the cost to repair or replace, without deduction for depreciation, that part of the building damaged, which the total amount of insurance in this policy on the damaged building bears to 80% of the "functional replacement cost" of the building.

d. To determine the amount of insurance required to equal 80% of the "functional replacement cost" of the building immediately before the loss, do not include the value of:

- (1) Excavations, footings, foundations, piers, or any other structures or devices that support all or part of the building, which are below the undersurface of the lowest basement floor;
- (2) Those supports in (1) above which are below the surface of the ground inside the foundation walls, if there is no basement; and
- (3) Underground flues, pipes, wiring and drains.

e. If the actual cash value of the damage is less than the "functional replacement cost", then:

- (1) We will pay no more than the actual cash value of the damage until replacement is complete. Once replacement is complete, we will settle the loss according to the provisions of 2.a. and 2.c. above.

However, if the cost to functionally repair the damage is both:

- (a) Less than 5% of the amount of insurance in this policy on the building; and
- (b) Less than \$2,500;

we will settle the loss according to the provisions of **2.a.** and **2.c.** above whether or not replacement is complete.

- (2) You may disregard the "functional replacement cost" loss settlement provisions and make claim under this policy for loss to buildings on an actual cash value basis.

You may then make claim for any additional liability according to the provisions of this Condition **D.** Loss Settlement, provided you notify us, within 180 days after the date of loss, of your intent to repair or replace the damaged building.

All other provisions of this policy apply.
